"Aladdin and His Lamp"

PLANNING FOR NEW ROAD

(Continued from Page 1)

The proposed work, the chamber directors have felt that their project has the backing of the Lomita district.

Under the project, the present

center poles would be removed from Cabrillo to allow a full-width roadway without obstructions. With the development and the opening of Eshelman, through traffic from Los Angeles to the harbor would pass through Torrance in a straight line, making only one turn, on El Prado past the Pacific Electric station.

"The directors' letter to the Board

of Trustees, under date of May 27, follows: Honorable Board of Trustees, City of Torrance, California.

This bureau has made a study

of the traffic problem on the north approach to this city by Western avenue, occasioned through the indirect connection of El Prado with this highway. This has been a matter of comment and criticism for a considerable period of time, in fact ever since the improvement of Western avenue. Various suggestions have been offered, but in the final analysis the plan adopted by the bureau appears to be the most logical solution of the problem, and is submitted herewith and also shown on the accompanying sketch.

Briefly, the plan would be to

acquire from the Pacific Electric, either through a grant, or condemnation if necessary, a sufficient width on the easterly side of their station property to insure the continuity of Cabrillo avenue, which would in reality be the widening of El Prado at that point.

The southerly terminus of

Cabrillo avenue is a matter just as serious in the contemplation of proper improvement, and we firmly believe it should be extended so as to effect a connection with Eshelman avenue, 750 feet south of the south limits of Torrance. This would provide, as you will note from the attached sketch, a very desirable straight highway through Torrance for north and south traffic, running westerly parallel with Western avenue approximately 1700 feet distant.

The directors of this bureau

feel that this is a very important matter and one that should receive immediate attention, because it is definitely known that plans are being developed for the straight southerly extension of Western avenue, which, if improved, would divert all travel away from the city of Torrance proper. At some time in the future this, of course, will be necessary, and at such time as the congestion of traffic would warrant the improvement of Western avenue would likewise make it desirable, but we feel at this time that it is much to the advantage of this community to have the benefit of this travel through Torrance, to say nothing of the greatly enhanced values that would accrue to property benefited and in reality the city largely as a whole, because of this major improvement. In summary, therefore, the disposition of this bureau is as follows:

1. That the city of Torrance

should institute immediate proceedings for the acquisition and improvement of highway properties, as shown in the accompanying exhibit.

2. That the acquisition and

paving of the right of way in the center of Cabrillo avenue from its proposed intersection with El Prado on the new opening, south to Plaza del Amo, should also be incorporated in these proceedings.

3. That the city engineer

should be instructed to contact county authorities to secure co-ordinated effort for the extension of Eshelman avenue to form a part of this proceeding, in order to insure the continuity of Cabrillo avenue with

be under the Mattoon act, which

is felt will expedite the matter materially and has been sufficiently adjudicated to justify municipal authority in the use of this act.

5. That the county be requested

to contemplate the widening of Eshelman avenue to 100 feet, which we are already informed is thoroughly agreeable with the majority of the frontage on this street.

The above action was approved

unanimously at the last meeting of the board of directors of this bureau, held in its quarters the 24th instant.

Industriously yours,

THE TORRANCE CHAMBER OF COMMERCE. By Carl Hyde, Secretary.

Long Beach Woman Injured In Crash

Mrs. J. A. Kinsman of Long Beach was slightly injured this morning when the car in which she was riding with F. M. Bishop was in collision with a Tolson truck at 22nd street and Arlington avenue. Bishop's car was badly damaged.

CHICKEN DINNER

The ladies of the Missionary Society of the Christian Church will serve a chicken dinner Tuesday evening, June 7, to which the public is invited. It will take the place of the regular fellowship dinner for members and friends, and will be served in the church parlors.

The friends of Mrs. James A.

Campbell, formerly a resident of Palmdale, Torrance and an active member of the Methodist Church, will regret to learn that she is seriously and will be served in the church parlors.

May Permits Show Imposing Increase In Construction

Torrance building permits for May totaled \$210,420, an increase of approximately two and a half times over the value of the permits issued in May of last year.

In 1926 the permits issued for the

same month totaled \$45,343. The number of permits issued last month was 55. Permits totaling \$11,550 were issued during the past week. Chief among them were permits for three \$2500 five-room stucco houses, by Kay & Keith, and a \$3000 five-room stucco house by John Dennis.

Permits were issued as follows:

Kay & Keith, 2264 Sonoma avenue, \$2600, five-room stucco dwelling; 2268 Sonoma avenue, \$2600, five-room stucco dwelling; 1606 Anapola avenue, \$2600, five-room stucco dwelling; C. C. Arnold, 2513 Carson street, \$150, garage; Perry Briney, 1452 Arlington avenue, \$200, garage.

The friends of Mrs. James A.

Campbell, formerly a resident of Palmdale, Torrance and an active member of the Methodist Church, will regret to learn that she is seriously and will be served in the church parlors.
